SUMMARY OF INFORMATION

The personnel located in the targeted structure had meetings which discuss (dual action) testing and calling. Surrounded by receiving, the mission was communications related with legislative and legal action involved. They were lending advice on interferences of other countries on a delicate problem (commanding). The 4 April 1987 incident was in the news paper. They are continuing to demonstrate <sup>mea</sup> financial discourse. One main personality represents the people (rebellious cause). This is also currently going on some place else in the world.
